

Membership

For many years, the California Chamber has had an active program of support and services for local chambers of commerce. As a result, we have approximately 250 chambers who, each year, continue to be members of the California Chamber. Membership investment is based on the number of members in your chamber. Please refer to the rates below for specific amounts.

Seventy-five percent (75%) of this membership investment may be deductible as a business expense under applicable tax codes, as twenty-five percent (25%) will be used for lobbying purposes. None of the investment is deductible as a charitable contribution.

Benefits include access to answers to HR questions at **HRCalifornia.com** and you'll have an opportunity to make revenue via our compliance product resale program.
