

October 11 & 12, 2018
at **Disneyland® Hotel**
Anaheim, CA

2018 Accessibility Codes and Standards Summit

Thursday | 8:00 am-5:00 pm
& Friday | 8:00 am-11:00 am

Please join us for a special two-day event designed for expert-level CASp and building officials, architects and inspectors, to learn Accessibility Codes and Standards. Take advantage of this rare opportunity to obtain information directly from National Level (ADA specific) and California (CBC-specific) industry experts.

MEET THE SPEAKERS

National Access Specialists

Nationally recognized industry experts will provide training with an emphasis on difficult compliance topics.

California Access Specialists

Training will focus on understanding California specific code requirements addressing significant differences between CBC and ADA Standards.

Building Officials

Building Officials have the legal authority to interpret the CBC and these speakers will provide expert-level insight to this process.

Keynote Speaker

Richard Nora, AIA

Manger of Architecture, Disneyland, Walt Disney Parks and Resorts

Presentation on accessibility at Disney campuses.

Summit hosted by Certified Access Specialist Institute | casinstitute.org

Speakers

IDA CLAIR-AIA LEED AP, CASp | Principal Architect | CA Division of State Architect

Ida is the Principal Architect for DSA headquarters in access codes and standards. She has twenty six years of experience as an architect in private practice and has been a Certified Access Specialist since 2009, CASp-045. Ida is responsible for regulation, policy, and interpretation development for DSA's Access Code and Policy Section, and planning and oversight of the Fire and Life Safety Program. Additional responsibilities include technical oversight of the Certified Access Specialist Program and oversight of CASp Examination development.

BILL HECKER | Architect

Bill is an architect (registered in Colorado, Alabama, Louisiana and Georgia) who practices nationwide in the field of accessible design and ADA (Americans with Disabilities Act) Consulting. His interest in accessible design began in college when he was on the winning design team for the 1983 Int'l. Special Olympics Village Competition at Louisiana State University, and he continued his involvement as a volunteer sports instructor serving those with Spina Bifida. While an architect at the Birmingham, Alabama firm of Evan Terry Associates, Bill spearheaded the ADA Consulting/Training efforts and was primary author of two books on ADA facility compliance (published by John Wiley & Sons - NY). He has conducted more than 100 public and private seminars on ADA/Accessibility compliance and surveyed more than 100 million square feet for access barriers. While with Evan Terry Associates, Bill consulted with or trained staff from IBM, Duke University, Rockwell International, MARTA (Metro Atlanta Regional Transit Authority), Georgia Tech University, Shoney's Restaurants, United Way and the American Banker's Association - just to name a few. Bill left Evan Terry in 1992 to start his own practice and has since split his energies among three broad areas - consulting on facility compliance requirements of federal laws (ADA, Fair Housing Act, ABA and Section 504 requirements of the Rehabilitation Act); training governmental and private organizations on those laws; and, acting as an expert witness/consultant to the US Department of Justice, private plaintiffs and defense attorneys on ADA and Fair Housing facility compliance cases.

GREG IZOR - CASp | Izor & Amp; Associates, Inc.

Greg Izor is the Principal Architect and President of an access compliance consulting firm in Escondido, California. In the thirty-five years of operating his own architectural firm, he has provided services for a wide variety of projects, and won several local and national design awards. Mr. Izor is experienced in all phases of architectural services for residential, commercial, industrial, and institutional projects in both the private and public sector. He is currently specializing in providing ADA access compliance services, ADA training for professionals and expert testimony in ADA related litigation. Mr. Izor is a Certified Access Specialist in the State of California. Mr. Izor has provided access compliance services for both private, public and institutional clients over the last 15 years.

ANGELA JEMMOTT | Executive Director | California Commission on Disability

Angela G. Jemmott has served as Executive Director California Commission on Disability Access (CCDA) since 2016, but as a part of the executive staff since 2011. She also currently serves on the California Building Standards Commission Code Advisory Committee. CCDA was formed by Legislature because it was concluded that despite the fact that state law has provided persons with disabilities the right to full and equal access to public facilities since the 60's that persons with disabilities continue to be denied full and equal access to public facilities in many instances, but that compliance may be impeded, in some instances, by conflicting state and federal regulations, resulting in unnecessary litigation Therefore encompassed among Ms. Jemmott's various responsibilities are the leadership and management duties necessary to fulfill CCDA statutory mandates created by legislation.

Speakers

JANIS KENT - FAIA, CASp | Stepping Thru Accessibility

Janis Kent, FAIA, CASp is a licensed California Architect, and has been involved with Access in the built environment since the mid-1980's. She is designated a Subject Matter Expert (SME) by the California Division of the State Architect, a Certified Access Specialist, and participates in developing the state CASp exams. In addition to having managed a variety of architectural projects, she has surveyed numerous facilities for accessibility compliance and provided quality control for facilities throughout the country. Ms Kent has been asked to speak on Accessibility at a variety of venues from Dwell conventions in Los Angeles, to Design DC in Washington, to National AIA Conventions in Chicago, New Orleans, Atlanta, Philadelphia, Orlando, and New York, the California Public Parking Association, the Nevada State Board of Architecture, Interior and Residential Design, as well as numerous business associations and AIA Chapters. As the Founding President of the Certified Access Specialist Institute (CASI), she steered the organization to serve those involved with access in the built environment both in private practice as well as public sector.

JAMES TERRY - CASp | Evan Terry Associates

As a specialist in the ADA and accessible design, James has presented hundreds of training programs to building owners, managers, and designers and has worked with federal agencies, public entities, and private corporations nationwide including half of the twenty largest companies in the US. He coordinates a two-day ADA seminar for design professionals with the Harvard University Office of Executive Education, which he has been teaching since 1993. He has written over a dozen books on ADA Facilities Compliance with Evan Terry Associates that have sold over 150,000 copies altogether. James also led the effort in 1992 to revise the ninth edition of Architectural Graphic Standards for the American Institute of Architects to bring it up to ADA Standards. He is a member of the Board of Directors of the National Association of ADA Coordinators.

CRIS VAUGHAN - CASp | ADAC Attorney at Law

Cris Vaughan is admitted to practice law in California and Nevada, as well as various federal district courts, the Ninth Circuit Court of Appeals, and the United States Supreme Court. He is a certified accessibility specialist who assists businesses in complying with state and federal accessibility laws, thus avoiding or limiting the expense of litigation or damage claims. He has lectured and taught seminars to business and professional groups throughout California on a wide range of ADA issues and access compliance. He has also represented a number of public entities and served as a deputy county counsel where he litigated civil rights, employment and personnel matters.

SCOTT J. WINDLEY | Accessibility Specialist | Office of Technical and Information Services

Scott Windley has been staff at the Board since 1997. He previously worked at The Center for Universal Design as well as the University of Idaho's Facilities Planning and Design Department as an intern Architect. Mr. Windley received a Bachelor of Architecture from the University of Idaho. Currently at the Board Mr. Windley is lead staff on the Board's public rights-of-way rulemaking, provides technical assistance and training on the ADAAG, PROWAG, and other standards, and works with a team of staff on all the board's graphics production. He has given many presentations to students, advocates, and professionals on accessibility issues and guidelines, across the country for over 20 years. He has served on many NCHRP and TCRP panels for the Transportation Research Board. Mr. Windley currently serves on the railroad and light rail transit technical committee of the National Committee on Uniform Traffic Control Devices.

Speakers

MARK WOOD - CBO, CASp | Principal CalCasp Inc. & Co-Founder, BlueDAG, LLC

Mark is a retired Building Official for the City of Davis. Mark is co-owner and principal with California Certified Accessibility Specialists, Inc. and Co-Founder of BlueDAG, ADA Inspection and Compliance Software for Public and Private Entities. He is a past president and board member of the Sacramento Valley Association of Building Officials (SVABO). He is a Certified Access Specialist (CASp #043) and founding member of the Certified Access Specialist Institute (CASI). Mark is a Subject Matter Expert volunteering for the Division of the State Architect (DSA) CASp Committee tasked with question development for the CASp Certification Exam. Recently, Mark was selected to a team of national experts working on a comparative analysis of the 2010 ADA Standards for Accessible Design and the 2010 California Building Code completed in March 2012. Mark is co-owner and principle of California Certified Accessibility Specialists (CalCasp Inc.). CalCasp provides Federal and State accessibility instruction throughout the State including for the Sacramento Valley Association of Building Officials (SVABO), and the American Institute of Architects Central Valley and San Francisco Chapters (AIA), state college system and university architects. Mark is producer and contributor to the ADA Shop Talk podcast available on iTunes & Google Play.
