

CalChamber Committees

California Chamber of Commerce policy committees draft and review policy and make recommendations to the Board of Directors on a range of issues. The CalChamber also establishes ad hoc committees as the need arises to address other policy issues. Committees range in size from eight to 100 members, and meet between two and four times a year (or, as needed) at locations throughout California or via telephone conference calls. Committee chairs generally are members of the CalChamber Board of Directors and work closely with CalChamber policy team members, permitting the CalChamber to act quickly as issues emerge. Membership in committees (other than those whose membership is by appointment) is open to managers, technicians and/or policy experts with member firms. To get involved, submit the form at www.calchamber.com/getinvolved.
