

CalChamber Status Update Report on Major Legislation for Business

The following list summarizes top priority bills for the California Chamber of Commerce and their status as of September 10, when the Legislature began its interim recess.

Within each subject area, the list presents bills in order of priority with the highest priorities at the top.

October 10 is the last day for the Governor to sign or veto bills passed by the Legislature before September 10 and in the Governor’s possession on or after September 10.

The CalChamber will publish its final status report, showing the ultimate fate of bills sent to the Governor this year, on October 15.

Bills signed by the Governor will become law on January 1, 2022. Urgency, tax and budget-related measures go into effect immediately upon being signed. In those cases, the date the Governor signed the bill is noted.

Legislation that failed to meet deadlines this year may be acted upon in January 2022.

Each fall, the CalChamber publishes a record of legislators’ votes on key bills affecting the California business climate. Generally, the bills selected for the vote record have appeared in one of the status reports. This year’s vote record is scheduled to be published on November 5.

Status of legislative action on bills as of September 10, 2021. Dates listed are the date the bill was assigned to a committee, the latest date of committee action, the next hearing date or when the bill reached the Senate or Assembly floor, unless action is stated.

<p>Expansion of Duty to Accommodate Employees and Litigation Under FEHA. AB 1119 (Wicks; D-Oakland) Imposes new burdens on employers to accommodate any employee with family responsibilities, which will essentially include a new, uncapped protected leave for employees to request time off and exposes employers to costly litigation under the Fair Employment and Housing Act (FEHA) that any adverse employment action was in relation to the employee’s family responsibilities, rather than a violation of employment policies. <p>Costly New Mandate on Employers to Pay for Employee Childcare. <p>Increased Costs and Liability on Employers. SB 62 (Durazo; D-Los Angeles) Significantly increases the burden on nonunionized employers in the garment manufacturing industry in California, by eliminating piece rate as a method of payment even though it can benefit the employee, expanding joint and several liability for any wage violations to the entire supply chain, and shifting the evidentiary standards in a Labor Commissioner hearing to limit the ability for an employer to defend against an alleged wage violation. These additional requirements will encourage companies to contract with manufacturers outside of California, thereby limiting the demand and workforce of garment manufacturers in California. Oppose/Job Killer 2021.</p>	<p>To Governor</p>
<p>Forced Unionization Process for Agricultural Employees. AB 616 (Stone; D-Scotts Valley) Limits an employee’s ability to independently and privately vote for unionization in the workplace, by essentially eliminating a secret ballot election and replacing it with the submission of representation cards signed by over 50% of the employees, which leaves employees susceptible to coercion and manipulation by labor organizations. Also, unfairly limits an employer’s ability to challenge any order by the Agricultural Labor Relations Board (ALRB) by forcing employers to post an unreasonable bond, and then limits an employee’s ability to decertify a union, by forcing them to go through the ballot election process instead of submission of representation cards. Also includes an unnecessary presumption of retaliation that is effectively unlimited in scope because it would apply for the duration of an election campaign, which could last for a year or more. Oppose/Job Killer 2021.</p>	<p>To Governor</p>
<p>Burdensome New Bereavement Leave Mandate. AB 95 (Low; D-Campbell) Imposes a significant new burden on employers of every size by mandating that they provide employees up to 10 days of bereavement leave upon the death of a spouse, child, parent, sibling, grandparent, grandchild, or domestic partner, regardless of how long the employee has worked for the employer. The bill further opens up new avenues for litigation against California employers by establishing a brand new private right of action (in addition to liability under the Private Attorneys General Act (PAGA) and administrative enforcement through the Division of Labor Standards Enforcement). <p>Fast Food Industry: Franchises; Wage and Hour. AB 257 (Lorena Gonzalez; D-San Diego) Undermines the existence of the franchise model by holding franchisors responsible for all conduct by individual franchisees. Establishes Fast Food Sector Council that would have unprecedented authority to write its own labor and employment laws for fast food restaurant employees, circumventing the California Legislature and other regulatory agencies’ position in establishing such laws. Oppose.</p>	<p>Failed passage in Assembly 6/3/21; Assembly Inactive File 6/28/21</p>
<p>Onerous Return to Work Mandate. AB 1074 (Lorena Gonzalez; D-San Diego) Prior to amendments, would have imposed an onerous and stringent process that is unlimited in time for specific employers to return employees to the workforce for specified industries, including hotels and restaurants that have been disproportionately impacted by this pandemic, which would have delayed rehiring and employers’ ability to reopen after being forced to close or reduce operations due to COVID-19. Job killer tag removed due to April 19, 2021 amendments eliminating COVID-19 related recall provisions from the bill. Oppose/Former Job Killer 2021.</p>	<p>To Governor</p>
<p>Limitation on Severance Agreements. SB 331 (Leyva; D-Chino) Unnecessarily limits the use and scope of severance agreements, and subjects employers to multiple threats of litigation for any alleged violations, which will limit the use or offer of severance packages to employees. Opposition removed due to cumulative amendments through the legislative process including final set made on August 16, 2021 narrowing language in bill and clarifying that the amount of a severance agreement may be kept confidential. Neutral.</p>	<p>To Governor</p>
<p>Significant Expansion of Family Leave and Paid Sick Leave. AB 1041 (Wicks; D-Oakland) Prior to amendments, would have significantly expanded multiple existing leave requirements in California that apply to employers of five or more, including small employers with limited employees who are struggling as a result of the pandemic, by allowing an employee to take leave to care for any family member or any person of their choosing without limitation, and subjecting the employer to costly litigation under the Fair Employment and Housing Act or the Labor Code Private Attorneys General Act (PAGA), for any alleged interference, interruption, discouragement, or denial. Job killer tag removed due to April 22, 2021 amendments narrowing the bill so that the only additional persons that an employee can take leave to care for is one designated person per 12-month period. Job killer tag and opposition removed due to April 22, 2021 amendments narrowing the application of the bill to only criminalize fraudulent and knowingly unlawful conduct by bad actors. Also changes re-payment obligations for those who received overpayments of UI fraudulently (or nonfraudulently) by removing obligations to pay interest on amounts held by the claimant for multiple years, which would have — under present law — generated interest based on the time which the claimant held the overpayment.
