

Secure Economic Zones

New opportunities for US business in Russia

RUSSEZ is a 100% state owned management company operating 16 special economic zones in the Russian Federation including 6 industrial parks, 4 technology parks, 4 resorts and 2 logistic and aviation parks.

RUSSEZ was founded in 2006. Since that time, 326 residents, including 57 companies from 21 countries, have been attracted with a total investment volume of USD 13 billion. Among international private investors are Ford, Novartis, Yokohama, 3M, Isuzu, Nokia Siemens Networks, Air Liquide, Bekaert, Rockwool, Armstrong, Arkray and others.

Foreign investors

US companies with a consolidated investment volume of USD 1 billion rank as number # 2 foreign investor being overtaken by Germany. RUSSEZ welcomes US business and guarantees a non-discrimination approach. Today 8 US companies from various sectors work with RUSSEZ:

- Automotive & vehicle components production – **GM, Ford**
- Informational Technologies – **DivX**
- Food industry - **East Balt**
- Aviation logistics – **AAR**
- Industry of construction materials – **Armstrong**
- Items for industrial and domestic consumption – **3M**
